

U.S. ENVIRONMENTAL PROTECTION AGENCY  
 Office of Pesticide Programs  
 Antimicrobials Division (7510P)  
 1200 Pennsylvania Ave., N.W.  
 Washington, D.C. 20460

EPA Reg. Number:

5813-118

Date of Issuance:

2/11/19

NOTICE OF PESTICIDE:

Registration  
 Reregistration  
 (under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

Dash

Name and Address of Registrant (include ZIP Code):

Tony Herber  
 Agent for  
 The Clorox Company  
 PO Box 493  
 Pleasanton, CA 94566

**Note:** Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

A. This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

*E. Miederhoff*  
 Eric Miederhoff  
 Product Manager 31  
 Regulatory Management Branch I  
 Antimicrobials Division (7510P)  
 Office of Pesticide Programs

Date:

2/11/19

2. You are required to comply with the data requirements described in the DCI identified below:
  - a. ADBAC GDCI-069105-30882, GDCI-069105-1679
  - b. DDAC GDCI-069149-60869, GDCI-069149-0681
  - c. DDAC GDCI-069166-30875, GDCI-069166-1737
  - d. DDAC GDCI-069165-30870, GDCI-069165-1736

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCI listed above, you may contact the Reevaluation Team Leader (Team 36): <http://www2.epa.gov/pesticide-contacts/contacts-office-pesticide-programs-antimicrobial-division>

3. Make the following label changes before you release the product for shipment:
    - Revise the EPA Registration Number to read, “EPA Reg. No. 5813-118.”
  4. Submit one copy of the final printed label for the record before you release the product for shipment.
- B. Because you have opted to add statements pertaining to emerging viral pathogens to your label as described in the August 19, 2016, Guidance to Registrants: Process for Making Claims Against Emerging Viral Pathogens Not on EPA-Registered Disinfectant Labels (“Guidance”), [https://www.epa.gov/sites/production/files/2016-09/documents/emerging\\_viral\\_pathogen\\_program\\_guidance\\_final\\_8\\_19\\_16\\_001\\_0.pdf](https://www.epa.gov/sites/production/files/2016-09/documents/emerging_viral_pathogen_program_guidance_final_8_19_16_001_0.pdf), you are subject to the following additional terms of registration:
1. You may make statements pertaining to emerging viral pathogens only through the following communications outlets: technical literature distributed exclusively to health care facilities, physicians, nurses and public health officials, "1-800" consumer information services, social media sites and company websites (non-label related). These statements shall not appear on marketed (final print) product labels.
  2. Your statements pertaining to emerging viral pathogens must adhere to the format approved on the Agency-accepted master label.
  3. You may make statements pertaining to emerging viral pathogens only upon a disease outbreak that meets all of the following criteria:
    - a. The causative organism must be a virus that causes an infectious disease that has appeared in a human or animal population in the U.S. for the first time, or that may have existed previously but is rapidly increasing in incidence or geographic range.
      - i. For human disease, the outbreak is listed in one of the following Centers for Disease Control (CDC) publications:

1. CDC Current Outbreak List for “U.S. Based Outbreaks” ([www.cdc.gov/outbreaks](http://www.cdc.gov/outbreaks)),
  2. CDC Current Outbreak list for “Outbreaks Affecting International Travelers” with an “Alert” or “Advisory” classification ([www.cdc.gov/outbreaks](http://www.cdc.gov/outbreaks)) (also released through the CDC’s Health Alert Network (HAN) notification process),
  3. Healthcare-Associated Infections (HAIs) Outbreaks and Patient Notifications page ([www.cdc.gov/hai/outbreaks](http://www.cdc.gov/hai/outbreaks))
- ii. For animal disease, the outbreak is identified as an infectious disease outbreak in animals within the U.S. on the World Organization for Animal Health (OIE) Weekly Disease Information page ([www.oie.int.wahis\\_2/public/wahid.php/Deaseinformation/WI](http://www.oie.int/wahis_2/public/wahid.php/Deaseinformation/WI))
- b. The CDC or OIE has identified the taxonomy, including the viral family and/or species, of the pathogen and provides notice to the public of the identity of the emerging virus that is responsible for an infectious disease outbreak. Based on the taxonomy of the outbreak pathogen identified by the CDC or OEI, the pathogen's viral subgroup is large non-enveloped or enveloped.
  - c. The virus can be transmitted via environmental surfaces (non-vector transmission), and environmental surface disinfection has been recommended by the CDC, OIE or EPA to control the spread of the pathogen.
4. You may begin communicating statements pertaining to emerging viral pathogens only upon CDC or OIE’s publication per term B.3.a. of an outbreak of an emerging viral pathogen meeting all of the criteria of term B.3. You must cease and remove all such non-label communications intended for consumers no later than 24 months after the original publication of the outbreak per term B.3.a., unless the Agency issue written guidance to the contrary due to continued public health concerns. The emerging pathogen claim language may remain on the master label.
  5. Terms B.1 through B.4 above shall become immediately void and ineffective if registration for use against *Rotavirus* is suspended or cancelled or no longer meets the criteria for a disinfectant claim (see EPA Product Performance Test Guideline 810.2200). In addition, terms B.1 through B.4 above shall become immediately void and ineffective upon your receipt of evidence of ineffectiveness against any pathogen in a less-resistant Spaulding category.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those

claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 7/2/2018
- Alternate CSF 1-5 dated 7/2/2018

If you have any questions, please contact Tara Flint via email at [flint.tara@epa.gov](mailto:flint.tara@epa.gov) or Eric Miederhoff at [Miederhoff.eric@epa.gov](mailto:Miederhoff.eric@epa.gov).

Under the Federal Insecticide, Fungicide and Rodenticide Act as amended, for the pesticide registered under

EPA Reg. No. 5813-118

## PRECAUTIONARY STATEMENTS

### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling [and before eating, drinking, chewing gum, using tobacco or using the toilet]. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

**FIRST AID: IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment. ### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**To Disinfect<sup>1</sup>:** Apply full strength to hard, nonporous surfaces with a [clean] cloth -and/or- mop -and/or- sponge. Allow to remain wet for 10 min[utes], then wipe -and/or- rinse. For visibly soiled surfaces, precleaning is required.

**To [Clean, Deodorize, and] Sanitize:** Dilute 1/4 cup (2 fl oz) to a total volume of one -or- 1 gallon with water and apply to hard, nonporous non-food contact surfaces with a [clean] cloth -and/or- mop -and/or- sponge. Allow to remain wet for 5 min[utes], then wipe-and/or- allow to air dry. For visibly soiled surfaces, precleaning is required.

**To Control and Prevent the Growth of Mold -and/or- Mildew:** Apply full strength on hard, nonporous surfaces with a [clean] cloth -and/or- mop -and/or- sponge. Wet thoroughly then allow to air dry. Reapply every 7 days or when mildew growth appears. For visibly soiled surfaces, precleaning is required.

**To Clean -and/or- Freshen Toilet Bowls -and/or- Urinals:** Pour 1/2 cup (4 fl oz) into bowl and brush thoroughly[, including under the rim].

[Rinsing is required for surfaces that may come in contact with rubber -and/or- asphalt tile.] For painted surfaces, test a small area first. [Do not use on marble, aluminum, copper or wood that is unfinished, unsealed, unpainted, waxed, oiled or worn.]

**STORAGE AND DISPOSAL:** Store in a cool dry area. Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available, or place in trash collection.

### Emerging Viral Pathogen Claims

This product qualifies for emerging pathogen claims against per the EPA's 'Guidance to Registrants: Process for Making Claims Against Emerging Viral Pathogens not on EPA-Registered Disinfectant Labels' when used in accordance with the appropriate use directions indicated below. This product meets the criteria to make claims against certain emerging viral pathogens from the following viral category:

Enveloped virus

<i>For an emerging viral pathogen that is an:</i>	<i>... follow the directions for use for the following organisms on the label:</i>
Enveloped virus	Rotavirus

This product has demonstrated effectiveness against viruses similar to insert name of emerging virus on hard, nonporous surfaces. Therefore, this product can be used against **insert name of emerging virus** when used in accordance with the directions for use against **insert name of supporting virus(es)** on hard, nonporous surfaces. Refer to the insert CDC -or- OIE website at **insert pathogen-specific website address** for additional information.

**Insert name of illness/outbreak** is caused by insert name of emerging virus. This product kills similar viruses and therefore can be used against insert name of emerging virus when used in accordance with the directions for use against **insert name of supporting virus(es)** on hard, nonporous surfaces. Refer to the CDC -or- OIE website at **insert pathogen-specific website address** for additional information.

### **Miscellaneous Claims**

- 1 step cleaning + air freshening
- 2-in-1 cleaner and freshener
- 2-in-1 cleaner [and] [plus] [air] freshener
- A powerful clean with unmistakable fragrances
- Cleaning expertise of Clorox®
- [Cleans -and/or- great] for Kitchen **insert surface(s) from Table 1**
- Cleans -and/or- dissolves -and/or-removes -and/or- cuts through [tough] grease on [quarry] tile
- Cleans, eliminates odors and freshens
- Clorox® cleaning power and dull-free shine -and/or- finish
- Created with leading perfumers -and/or- Fragrance experts] [who know the power of scent]
- [Contains] Custom Blended Fragrances
- Cuts through grease
- Delightfully fresh scents
- Easily lifts dirt & stains
- Eliminates tough stains the first time
- For -and/or- in the bathroom[:] **insert surface(s) from Table 1** -and/or- **insert surface material(s) from Table 3**
- For -and/or- in the kitchen[:] Use on **insert surface(s) from Table 1**
- For use on Wood<sup>2</sup> [Floor[ing]]
- Fresh, beautiful scents
- Fresh -and/or- Beautiful Scents & Powerful Cleaning
- Fresh Brazilian Blossoms
- Formulated with over -or- more than 100 years of expertise
- Great for all of your floors, even wood<sup>2</sup>
- Hawaiian Sunshine -or- Aloha
- [Lasting fragrance] Lingers -or- smells clean for [up to] **insert number** hours
- Leaves no [sticky -and/or- dulling -and/or- oily] residue behind
- Lift soils without leaving build-up behind
- Long-lasting fragrances
- No Dulling -and/or-streaky -and/or- sticky -and/or- oily Residue
- No harsh [chemical] odors
- Passes the barefoot test<sup>9</sup>
- Powerful, easy clean
- [Quickly -and/or-Easily] lifts **insert soil(s)/stain(s) from Table 4**
- Removes odors
- Revitalizes -and/or- Refreshes and cleans
- Safe to use on [sealed] wood<sup>2</sup>[, tough -or- effective on tile [**insert soil(s)/stain(s) from Table 4**]]
- Safe to -and/or- for use on **insert surface material(s) from Table 3**
- [Specially formulated] low residue formula
- Stimulates your senses
- Tuscan Lavender and Jasmine
- Uncover -or- Reveal your surface's -or- floor's original -and/or- natural beauty
- Unmistakably clean fragrances
- Use this product on the following [washable] hard, nonporous surfaces[:] **insert surface(s) from Table 1**
- Works to clean multiple soils[:] **insert soil(s)/stain(s) from Table 4**
- Works on many floor types
- Works on multiple surfaces, not just floors
